Dear Chairman Cole and Ranking Member DeLauro:

I am requesting \$25 million in community project funding for construction of the south jetty within the St. Lucie Inlet in Martin County, Florida in Fiscal Year 2026. The entity to receive funding for this project is the U.S. Army Corps of Engineers, Jacksonville District at 701 San Marco Blvd, Jacksonville, FL, 32207. The Funding will be used to improve the south jetty at the St. Lucie Inlet in Martin County, which serves a vital role in the County's economy, ecosystems, and lifestyle of its residents and visitors and is in need of repair to ensure a safe, navigable inlet.

The project has a Federal Nexus because the funding provided is consistent with purposes authorized by Section 201 of 1974 River and Harbor Act (P.L. 93-251).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Brian Mast
Member of Congress
